

# Aquarium Diver

If its excitement you want, then we have it! Atlantic Edge Dive Center is proud to be the only shop to offer the Aquarium Diver course at the National Aquarium in Baltimore. Experience the thrill of diving a coral reef and stingray city, all in the same day and right here in Maryland!

## What is it?

You will learn to identify many species of rays, sharks and fish. We will also give you experience interacting with these gentle creatures of the sea. We will start the course with an informative class session on the basics of aquarium diving, marine conservation and fish identification. You will then do two 30 minute dives, one in the Coral Reef tank and one in the Stingray Exhibit!

Experience the best diving Maryland has to offer and one of the most unique experiences . You will have the opportunity to dive in the National Aquarium in Baltimore, both in the Atlantic Coral Reef Tank and the Stingray Exhibit. You can travel around the globe to experience a day of diving like this, but this course happens in your own backyard!

## What Do I Need?

*All you need is mask, fins, and wetsuit. We provide BC, regulator, tanks , weights and gloves.*

## How Much Does it Cost?

*This one of a kind opportunity costs only \$295!*

Check out the web site for dates and times. You can even sign up online through the course schedule links. This course is only offered monthly so make sure you sign up in advance.

*Check out the Aquarium Diver Course information sheet on our web site: [www.atlanticedge.com](http://www.atlanticedge.com) for more specifics!*
