The Florida Key's is a great place for beginning and experienced divers. We will dive both reefs and wrecks during our trip. The Keys are also great for photography and fish id, it's also the first week of lobster season, so we expect to cook a lobster dinner sometime during the week as well as some fresh fish from our spear fishing adventures. Your trip leader for the adventure is John Harman. John has lead many divers to the Key's over the past 20 years. Give us a call if you have any questions.
