What's not allowed in the Aquarium during your dive.

No signs, banners or slates allowed in the exhibit. Due to interaction with the animals, cameras are not allowed in the tanks (including mask-mounted cameras). Atlantic Edge Scuba offers an Aquarium Photo Dive that you will be eligible to take after completing this initial dive at the Aquarium.

Gear

The Aquarium requires that all divers have full body coverage. This means that wetsuits must be full jumpsuit wetsuits, not shorties or farmer johns. Also, gloves and fins with boots are required to dive in the Aquarium. If you do not usually wear boots you must cover your ankles and feet with dive socks. A hood is optional (required if you are wearing jewelry). Water temperature averages 76 degrees (3mm suit will be appropriate for most divers). Atlantic Edge will provide you with a BCD, regulator, tank, and weights for your aquarium dive. **You** are responsible for all other gear including mask, snorkel, booties, fins, wetsuit, gloves (aquarium has loners and) hood (optional). If you do not have this equipment, one of our staff members would be happy to help you rent or purchase it BEFORE the day of your dive.

Where to meet us at the Aquarium

Atlantic Edge Staff will meet all divers outside of the Aquarium staff entrance by the Submarine. Entry into the Aquarium for the purposes of the dive experience is included in your registration fee, but only for the program. If you would like to tour the entire Aquarium before diving, please visit [aqua.org](http://www.aqua.org) to purchase a ticket. You must leave your gear in your vehicle and retrieve it just prior to your meet time.

Non-Divers accompanying you:

If you have friends or family entering the aquarium to watch your dive make sure they arrange for tickets prior to your timed arrival. Some Saturday evenings Aquarium entry becomes limited so advanced tickets are recommended. Tickets may be purchased online at <http://www.aqua.org>. Your family/friends will be able to take pictures of you through the glass and will also be allowed to stay and watch your entire dive even if the Aquarium has closed its doors for the day.
